"Greetings from Combine World!"

Hello Friends! Welcome to the March edition of The Scoop. We were blessed with a mild winter over here so it seems to have flown by in the blink of an eye. We didn't see a lot of moisture in our area, so fingers crossed for lots of precipitation this Spring... I don't think it's too much to ask for as we are definitely overdue. We have a few deals coming up that are worth mentioning! Romafa 8% off +8000k is back until April 18th! And we have a fun "discount code" for used parts that expires end of May. I'd tell you what it is, but then you wouldn't read the Scoop!

We started building new meter rollers for Flexicoil which is pretty exciting! We should have the first batch ready to go before seeding, so please give us a call if you're interested and we can put your name on one.

Our warranty policy is changing slightly. Moving forward, you will have 30-day cash-back warranty, no questions asked. Anything after 30 days, up to one year, is cash-back as long as it is defective / there is a warranty issue. If an item is returned after 30 days, for any other reason, it will be subject to a restocking fee. Any existing credits on account will expire after one year. There are no changes to our electronics warranty. If anyone has any questions regarding the new policy, please be sure to ask your favorite parts person next time you're on the phone with them.

Speaking of favorite parts people – we have a fresh batch of newbies I would like to welcome (back) to the team. Brittney Leslie joined us in January, and is an absolute sponge when it comes to learning new things. Tania Holtorf is joining us mid-March, and Kendyl Morisey has re-joined the Combine World counter team as well. I know what you are thinking... that's a lot of ladies. You're right, it is. Like Rosie the Riveter said, "We Can Do It."

We are looking forward to hearing from everyone very soon and wish everyone a safe and successful seeding season! Talk soon!
