SORRY WE MISSED YOU!

WE KNOW OUR CHRISTMAS CARDS ARE A TRADITION.

THIS YEAR, WE OPTED NOT TO SEND THEM, DUE TO THE POSTAL STRIKE IN DECEMBER.

"Hello Neighbours!

I am writing to you from the deepest, coldest depths of Winter. Perhaps by the time this reaches you, this -44 business will be but a distant memory, and thoughts of Seeding will be dancing in our heads.

First off, sorry if you missed our annual Christmas cards this year. All of the elves in Santa's workshop (people in Combine World) were geared up, ready to write, then the postal strike hit us! We will save them for 2025 Christmas, but know you were in our thoughts and we are extremely grateful for another year of your support. We hope Santa was good to you all!

We have a few cool deals in this edition of the Scoop. Romafa's "8 for 8" sale is on until April 1st (not a joke). Spend \$8000.00 and receive 8% off! We also discounted our Combines drastically, so have a look at the lineup and let us know if anything piques your interest. I believe we still have some Pit Boss grills to go with them!

Speaking of Stainless Steel, we have recently partnered up with Atlas Ag to offer our customers stainless steel tubing kits for your drill! Please reach out to us for pricing and availability and on this great product!

Our CWI MFG Mud Scrapers for CNH drills are on for 30% off as well. With all the snow we accumulated this winter, they may come in handy.

And don't forget about our meter rollers with a stainless steel hex shaft! These are built to order so we can have them ready to go in a couple days.

I would also like to give a shout out to Gabriel Bandet, as he is the newest member on our parts counter team. Gabriel is a local guy, who spent a lot of summers helping his dad work on equipment on the farm! Along with his great baseline of knowledge, Gabriel has an awesome attitude with a thirst for knowledge. Welcome Gabriel! We are happy to have you join us. Also, buckle your seatbelt, and maybe get a helmet...

As always, we can't wait to see you all this spring! Let's go!"
